

Poster Competition during EvoML- 2025

Theme: Present Innovative Ideas about Machine Learning and Evolutionary Algorithms

Hosted by Department of Mathematics and Computing

About the Competition

Are you passionate about artificial intelligence, machine learning, or bio-inspired algorithms? Do you have ground-breaking ideas waiting to be shared with the world?

This is your chance to **showcase your creativity, innovation, and technical insight** in a visually compelling format!

Join our **Poster Competition** centered on the cutting-edge theme:

“Present Innovative Ideas about Machine Learning and Evolutionary Algorithms”

From novel applications to theoretical advancements, from hybrid models to ethical considerations we invite students, researchers, and AI enthusiasts to **explore, express, and exhibit** their ideas through well-designed posters.

Suggested Topics (but not limited to):

- Innovative Machine Learning models or architectures
 - Hybrid approaches combining ML with Evolutionary Algorithms
 - Interpretable and Explainable AI systems
 - Optimization techniques using Genetic Algorithms, PSO, DE, etc.
 - Real-world applications: healthcare, energy, finance, robotics
 - Robustness, generalizability, and fairness in ML
 - Future trends and ethical challenges in ML and EA
-

Important Dates

- **Last Date for Registration & Poster Submission:** 15 June 2025
 - **Results Announcement:** 20th June 2025
 - **Event Date (Poster Display & Judging):** 19th June 2025
-

Prizes & Recognition

- **Top 3 posters** will receive **certificates of excellence and exciting prizes**
 - Selected posters will be featured on our website and social media handles
 - Opportunity to present your ideas before a panel of **renowned experts** in AI and ML
-

Guidelines

- Poster must align with the competition theme
 - Size: A1 (594 x 841 mm) – Vertical Layout preferred
 - File Format: PDF or high-resolution PNG/JPG
 - Each submission must include:
 - Title
 - Author(s) name and affiliation
 - Abstract (100-150 words)
-

How to Participate

1. **Registered participants of the EvoML-2025 are eligible to participate.**
 2. **Register Here** [Insert Link or QR Code]
 3. Submit your poster at: Link to be provided soon
 4. Await confirmation and further instructions
-
